

## **LATEST NEWS from NRV CENTRAL STATES**

**Howard Marr** returned home this afternoon following a 3-day hospital stay. He was diagnosed with a bleeding ulcer from many years of arthritis medication. We spoke with Rosie this afternoon (4/13/07) and she said he was being sent home. **Rosie** is still convalescing at home and has homecare assistance.

The **Burleson Rally** was quite small after emergencies kept 3 coaches from attending. Everyone seemed to enjoy the tours of the US Treasury, Ft. Worth Stockyards, Mrs. Baird's Bread, and shopping at Camping World and McClain's RV Superstore. Did you decide to buy that beautiful new National RV Pacifica, Mark & Carol? We had lots of food, won prizes playing games, and enjoyed talking to old acquaintances and making new friends. We did have one rowdy bunch who shocked the young waitress at Babe's as they entered the restaurant wearing their white hairnets from the bakery tour.

The membership list was divided up and volunteers have been calling members to be sure everyone is receiving the e-mails and to remind them to send in registrations before April 19th for the Branson Rally. If you have not received a phone call, have a new e-mail address, or need another registration form, please call Frank or Janice Koch at **660-747-6054 or 214-289-2422**.

The Koch's and Dunn's will be hosting the **Branson Rally** and we are hoping everyone will try to come and help celebrate our 10th Anniversary. National RV is sending us some special prizes and we have other special donated prizes besides the usual FMCA merchandise.

We just received word that the **3:00 Braschler Gospel Show** has been **cancelled** as they are not returning to Branson this year. The 8:00 Hamner & Barber Variety show is not affected. The theater is currently looking for a replacement show. Those who have signed up for the 3:00 show will receive a refund if you choose not to attend the replacement show. We'll keep you informed.

Some of our members are dropping out of active membership because of ill health, etc. If you have **Central States jackets** and would like to donate them to the club, we will be happy to find new owners for them. **Mary Claunch** donated their jackets last weekend and we had a nice visit with her.

Please remember to notify us when you change your e-mail address, phone

number, or mailing address. Also, send us items of interest that we may include in the e-mail newsletter.
